COMPTROLLER'S OFFICE 29 JUN. 94 MYSORE

SIR,

put up pro

With reference to Government Proceedings No 2259-50 L7442-92 dated 25 June 1894, forwarding Mysore District Deputy Commissioner's No 1356 dated 5 idem about the Imprests to be allowed to Nice Presidents, I have the honor to state that the inconvenience complained of is that the amount of Imprests is small, that recoupment cannot be made without a delay of 8 or 10 days, and that recoupment three times a month entails much clerical work. The remedy suggested is that the Amildars or Imprest holders should themselves recoup their Imprests by drawing from their Treasury subject to retrenchment and disallowance by Deputy Commissioner.

The recoupment of Imprests is now admittedly delayed 8 or 10 days; even though the Deputy Commissioners are aware that their Nice-Presidents are short of funds and cannot pass them until the recoupment is made. When this urgency is removed the recoupment of these Imprests will, I am afraid, be still more delayed and neglected, and the

the result will be an accumulation of unexamined and unreconciled Imprests which the Deputy Commissioners will have to scrutinize and reconcile in hurry. The disallowances and Retrenchments will also accumulate without prompt adjustments. I would suggest the increase of the amounts of these Imprests whenever necessary as a simpler and more effective remedy. Large expenditure on Municipal works is incurred only during certain months of the year. During such working season the President may be authorised to grant special Imprests to the extent of the requirements. These special Imprests must be kept separate from the ordinary ones and accounted on separate Cash sheets. When the busy season is over, these special Imprests may be withdrawn. I beg therefore to recommend either of the above alternatives.
